

Welcome to the Water Damage Restoration Technician (WRT) School taught by the well-known, Barry Costa of Costa Group Education, LLC!

Barry's credentials are many, including an education degree from Springfield College, Teacher of the Year in NH, Previous IICRC Standards Chair, with 50 years experience in the field of Water Damage Restoration.

This IICRC approved WRT school is a three-day, face to face event at the Dewald Academy of Drying Flood House. An optional IICRC exam can be taken at the conclusion of the school.

The exam fee is \$80.00 and can be paid in Cash, Check (made out to IICRC), VISA, M/C, AMEX, or Discover.

Barry is one of the oldest instructors in this category and has the ability to get students across the finish line with the examination without teaching the exam. ALL of the outlined requirements of the IICRC for WRT will be covered in this class and MORE! "I do not believe in the minimum.

I believe in giving people MAXIMUM!" We will not only review the Standards, Soft Skills, Inspection Process, Professional Inspection Tools, How to PROPERLY extract, review the importance of Documentation, Learn about Antimicrobials, and much, much more we will also be giving some FREE follow-up gifts for your company to use with in-house training!!!!

This course will prepare you very well to follow-up with Chuck Dewald III from Dewald Academy of Drying, Advanced Structural Drying School. We will cover the many parts that the Advanced School does not have time to cover. Combine BOTH and you have a HOME-RUN!!!

I recommend that you sign up for the WRT and Advanced Structural Drying School as a combo!!! I will be assisting in the Flood House with Chuck and Chris while they present their fantastic, advanced information. I will assist the students that took the WRT school while they work and learn in the Advanced Structural Drying School.

NOW, if you want the BEST of all opportunities...Take all 3 DAYS!!!!
